 DATE: JULY 26, 1996  
 MODEL: ALL MODELS

## 1996 TOYOTA SPECIAL SERVICE TOOLS

Page 1 of 4

The following TSB contains information regarding 1996 Special Service Tools (SSTs). Both the Essential and Available SSTs are listed by tool number, tool name, and model application. All Special Service Tools (SSTs) may be ordered by contacting OTC at 1-800-933-8335.

### SPECIAL SERVICE TOOL INDEX:

TOOL TYPE	PAGE NUMBER
Essential SSTs	1
New Available SSTs	2
Discontinued Essential SSTs	3
Replacement for Discontinued Essential SSTs	3
Essential SSTs Downgraded to Available SSTs	4

### ESSENTIAL SSTs:

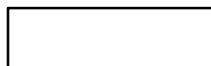

TOOL NUMBER	TOOL NAME	APPLICATION
*	1996 Diagnostic Toolset Software Reprogramming	All Models

### 1996 Software Reprogramming New Features:

- Support for 1996 Model Year vehicles.
  - Live data strip chart print mode (prints line graph of 5 data items in real time).
  - Enhanced evaporative emissions systems diagnostics to support new systems.
  - Enhanced oxygen sensor diagnostics.
  - Enhanced "HELP" features.
  - Enhanced in-flight data recording capabilities (to help trap intermittent faults).
  - Software support for the new optional 5-Gas Exhaust Analyzer.
- \* Existing Dealer hardware, P/N 01001895-005, was updated with the 1996 Software release during 1st Quarter 1996 reprogramming efforts. Also included were the update pages for the Operators Manual.
